

M Series 8.0" Speakers

Innovative Design

Visually Appealing

Competitively Tested

Award-Winning

M Series starts with an ear toward the details. Creating a better-sounding speaker through careful material selection. Unlike any other speaker line on the market today, the ELAN line offers unmatched, model-to-model consistency.

Visually distinctive, M Series is characterized by very flat wall profiles, ultra-white finish, fine mesh grills, slim perimeter trims and a taller, sleeker look on the in-wall product. The look is noticeably classy.

Lab testing of the top competitors in the in-wall/in-ceiling speaker field was conducted to design winners in each category that ELAN offers. A lifetime warranty reflects the confidence ELAN has in its quality and is your assurance of years of listening enjoyment.

So profound, the industry is recognizing ELAN's new line—M Series won two Distributed Audio Awards at the Electronic House EXPO.
